

## **HIGH SCHOOL CAREER DAY PROGRAM**

“Career Day” (industry leaders from various sectors will address careers and general advice about college, best jobs, and information about opportunities for summer, part-time, and permanent jobs that will be helpful in achieving their career goals, both short term and long term.

Bernice Hutton & Joe Ramirez welcome junior and senior students for Career Day . Veronica Ramirez, President of Joseph Chris Partners and former graduate of Kingwood High School, will address the importance of higher education and career achievement.

- The critical phase of strategically planning your education & career (next 4 to 8 yrs) for the next 50+ years of your actual implementation of your career.
- Side-stepping the mine-fields that set you back or blow your plans and dreams into orbit.
- A highly-focused attitude of learning and high academic achievement.
- Financial planning or funding your college expenses. “do’s and don’ts”
- Finally, the discipline and attention to detail along with a life-time commitment of continuing education inside formal academic facilities, industry seminars, and personal development training.

HESI - (Hispanic Executive Society) is sponsoring the event. District. Senior Industry Executives from various industries will speak to students about their options available to them along with typical career ladders and the paths to the CEO level within each area.

- Table/special locations will include careers in the following areas: Engineering & Technical, Education, Accounting, Sales & Marketing, Government, Administration, Athletics, Legal, Finance, Construction, Computer Science, and Computer Science, and Medical or Physician careers.
- Industry executives will have general opinions about each industry that requires those specific skill sets i.e which compensate the best and least, which are local and not local and the personality type that is most conducive to the success of the occupation.

- Executives will address the career ladders that are available with different kinds of companies that are available to consider. Industry executives will also address the best opportunities by geographical consideration i.e. best opportunities in the local, State, US regions and international areas. Each table will have two Executives that have experience in the respective fields and will discuss career, industry sector options and career ladders from entry level to CEO.
- A Q & A session will follow with comments and feedback about the steps of how, when, where, who, to begin the journey to a commitment that will allow you to develop the highest level of achievement within the shortest possible time frame.

At the end, **PANEL OF INDUSTRY EXPERTS (30 minute schedule)** that will re-convene as a general audience and discuss tips, do's & don'ts, shortcuts, and general advice to students, teachers and anyone interested in Career Planning & Development. Plans for the Kingwood/Humble/Atascosita areas to provide continuing support to our community students in planning and execution of their careers.
